

PERENNIAL SMALL

Dianthus 'Dad's Favourite'

GARDEN PINK Forming a low mound of resilient, gray-green grasslike leaves, this evergreen perennial also bears scented, white semidouble blooms with maroon markings all summer. All forms make good edging for a sunny bed.

↑ up to 18in (45cm) ↔ 12in (30cm)

☀️ Z4–9

PERENNIAL LARGE

Echinops ritro

SMALL GLOBE THISTLE An upright perennial with coarse, prickly, divided, green leaves and spiky, metallic blue globe-shaped flower heads in late summer. Plant it at the back of a bed. Dried flower heads are short-lived, but may last into winter.

↑ 4ft (1.2m) ↔ 30in (75cm)

☀️ Z3–9

PERENNIAL SMALL

Epimedium perralderianum

BARRENWORT Ideal for ground cover in shady beds and woodland gardens, this semievergreen perennial has green heart-shaped foliage on branching stems. Prune in spring before new leaves and spikes of bright yellow pendent blooms appear.

↑ 12in (30cm) ↔ 18in (45cm)

☀️ Z5–8

ANNUAL/BIENNIAL SMALL

Eschscholzia californica

CALIFORNIA POPPY This quick-growing annual has finely cut gray-green leaves and large yellow, orange, and pink cup-shaped flowers that form all summer. Sow seeds directly in a sunny bed. Deadhead regularly. Can be weedy.

↑ 12in (30cm) ↔ 6in (15cm)

☀️ N

PERENNIAL MEDIUM

Euphorbia griffithii

GRIFFITH'S SPURGE A bushy perennial with copper-flushed green leaves and domed orange-red early summer-flower clusters. Suitable for sun or light shade, it spreads to form a large clump, and is best suited to larger gardens. The sap is a skin irritant.

↑ 30in (75cm) ↔ 20in (50cm)

☀️ ⚠️ Z4–9

PERENNIAL SMALL

Euphorbia myrsinites

MYRTLE SPURGE An evergreen perennial with creeping, woody stems and small, pointed, fleshy gray leaves and clusters of bright yellow-green flowers in spring. Let it spread along the front of a border in full sun. Remove spent flowers with gloves.

↑ 3in (8cm) ↔ 8in (20cm)

☀️ ⚠️ Z5–9

SHRUB SMALL

Fuchsia 'Swingtime'

FUCHSIA This shrub has dark green leaves and is grown for its pendent, frilly red and white flowers that are borne all summer. Tolerant of partial shade, it is suitable for beds and large containers. Bring plants indoor in winter in cold regions.

↑↔ 3ft (1m)

☀️ Z9–11

BULB MEDIUM

Galanthus nivalis

SNOWDROP This clump-forming perennial bulb has grassy gray-green leaves and nodding single late winter white flowers with green-tipped inner petals. It emerges before most slugs are active, so escapes damage. Plant in groups and let it naturalize.

↑ 6in (15cm)

☀️ Z3–8

PERENNIAL SMALL

Galium odoratum

SWEET WOODRUFF This perennial has rounded clusters of lance-shaped green leaves, which form a spreading carpet, and a mass of tiny white star-shaped blooms from late spring to midsummer. Ideal for naturalistic and woodland gardens.

↑ 6in (15cm) ↔ 12in (30cm) or more

☀️ Z4–8

PERENNIAL SMALL

Geranium macrorrhizum

BIGROOT GERANIUM Forming a spreading carpet, this perennial has aromatic deeply lobed leaves and abundant small magenta early summer blooms. Plant in partial shade in front of a bed or beneath large tree in areas with hot summers.

↑ 15in (38cm) ↔ 24in (60cm)

☀️ Z4–8
