

PERENNIAL SMALL

Penstemon 'Evelyn'

BEARDTONGUE Suitable for summer borders and containers, this upright perennial has slender pointed foliage and bears spikes of rose-pink trumpet-shaped blooms from summer to early fall. Mulch in fall.

↔ 18in (45cm)

☀️ Z7–10

PERENNIAL MEDIUM

Polemonium caeruleum

JACOB'S LADDER This clump-forming perennial bears clusters of blue or white bell-shaped flowers in early summer above the divided lance-shaped leaves. Ideal for shady beds in naturalistic and woodland-style gardens.

↔ 24in (60cm)

☀️ Z4–8

PERENNIAL LARGE

Polystichum setiferum

SOFT SHIELD FERN This clump-forming deciduous fern is grown for its large arching fronds consisting of tiny leaflets held on lateral stems that emerge from a central crown. Best in full or partial shade, it is ideal for woodland gardens.

↑ 4ft (1.2m) ↔ 3ft (1m)

☀️ Z6–9

PERENNIAL MEDIUM

Potentilla fruticosa

CINQUEFOIL This deciduous perennial bears simple red, white, yellow, and orange rounded flowers set against small green divided leaves from summer to early fall. It is suitable for well-drained borders. Varieties include 'Red Ace' (above).

↑ 3ft (1m) ↔ 5ft (1.5cm)

☀️ Z3–7 (N)

PERENNIAL SMALL

Pulmonaria officinalis

LUNGWORT A semievergreen perennial with coarse, bristly green leaves, which are disliked by slugs. It bears pink, blue, or white, funnel-shaped spring blooms, depending on the variety. 'Sissinghurst White' (above) has white flowers.

↑ 12in (30cm) ↔ 24in (60cm)

☀️ Z4–8

PERENNIAL MEDIUM

Verbascum chaixii

NETTLE-LEAVED MULLEIN This perennial forms a rosette of large coarse green leaves. It is grown for its upright spikes of pale yellow flowers during summer. Grow it in a sunny bed. Varieties include 'Album' (above) with white purple-eyed blooms.

↑ 3ft (1m) ↔ 18in (45cm)

☀️ Z5–9

CLIMBER LARGE

Rosa banksiae 'Lutea'

YELLOW BANKSIAN ROSE Too vigorous to be affected by slugs, this climber bears masses of small, pale yellow double flowers that clothe the thornless stems during late spring in a single spectacular flush. Suited to large gardens, it needs a sturdy support.

↑ 30ft (10m)

☀️ Z8–9

PERENNIAL MEDIUM

Rudbeckia hirta

BLACK-EYED SUSAN This short-lived upright perennial, often grown as an annual, has golden or red daisy-like flowers with brown centers from summer to fall. Plant it at the front of a sunny bed or in a summer pot. Varieties include 'Becky Mixed' (above).

↑ 3ft (1m) ↔ 18in (45cm)

☀️ Z3–7 (N)

PERENNIAL MEDIUM

Santolina chamaecyparissus

LAVENDER COTTON A mound-forming evergreen perennial, which can be grown as an annual, with finely cut, aromatic silvery gray foliage. It bears yellow pompomlike flowers in summer. Trim off the spent flowers to keep it tidy.

↑ 30in (75cm) ↔ 3ft (1m)

☀️ Z6–9
