

SHRUB SMALL

Hypericum 'Hidcote'

ST. JOHN'S WORT This evergreen or semievergreen shrub forms a dense bush of narrow dark green leaves and has masses of large golden-yellow flowers from midsummer to early fall. Use it as a low barrier to deter deer and rabbits.

↑ 4ft (1.2m) ↔ 5ft (1.5m)

☀️ ☀️ ☀️ Z6–9

PERENNIAL SMALL

Lamium maculatum

SPOTTED DEADNETTLE A low-growing semievergreen perennial with variegated foliage and hooded late-spring flower spikes. 'White Nancy' (above) has white blooms and silver foliage. Considered invasive in some areas of Northeast and Northwest.

↑ 6in (15cm) ↔ 3ft (1m)

☀️ ☀️ ☀️ Z4–8

TREE LARGE

Liquidambar styraciflua

SWEETGUM This deciduous tree is grown for its lobed, aromatic, glossy green leaves that turn brilliant shades of orange, red, and purple in fall. Plant it near borders as a deer-resistant barrier. Choose compact varieties for small gardens.

↑ 80ft (25m) ↔ 40ft (12m)

☀️ ☀️ ☀️ Z5–9 (N)

PERENNIAL MEDIUM

Paeonia officinalis

PEONY A resilient bushy perennial, it has divided dark green leaves and tough, pink, red, or white bowl-shaped flowers from early to midsummer. Grow it mid-bed among later flowering plants. 'Rubra Plena' (above) has red double blooms.

↑ 30in (75cm)

☀️ ☀️ ☀️ ⚠️ Z3–8

PERENNIAL MEDIUM

Rudbeckia fulgida

BLACK-EYED SUSAN This perennial has narrow green leaves, and bears daisy-like golden flowers with brown centers from late summer to fall. The flowers fade but the centers remain, offering winter interest. Plant it mid-bed and stake the stems.

↑ 3ft (1m) ↔ 18in (45cm)

☀️ ☀️ ☀️ Z4–9 (N)

PERENNIAL MEDIUM

Physalis alkekengi

CHINESE LANTERN A spreading perennial that gives good fall color, it has upright stems and blooms in midsummer, producing cream flowers that lead to decorative orange "lanterns" containing a berrylike fruit. Best in a larger bed; provide support.

↑ 30in (75cm) ↔ 3ft (1m)

☀️ ☀️ ☀️ ⚠️ Z3–9

PERENNIAL MEDIUM

Polystichum acrostichoides

CHRISTMAS FERN This evergreen fern has tough, lance-shaped dark green fronds divided into comblike segments. Slow-growing, it forms a clump over time and tolerates most soils. Ideal for woodland gardens, plant it beneath larger shrubs.

↑ 24in (60cm) ↔ 18in (45cm)

☀️ ☀️ ☀️ Z3–9 (N)

SHRUB LARGE

Rhododendron luteum

PONTIC AZALEA This deciduous shrub is grown for its fragrant yellow spring flowers and vivid fall foliage. Ideal for large and woodland-style gardens, it recovers quickly if attacked by deer. It prefers a cool site with fertile acidic soil.

↑ 12ft (4m)

☀️ ☀️ ☀️ ⚠️ Z7–9

PERENNIAL MEDIUM

Sedum telephium
Atropurpureum Group

STONECROP This perennial is grown for its fleshy purple stems and leaves, and domed heads of pink-white flowers, which appear from late summer to fall, then dry and persist into winter. Provide support.

↑ 24in (60cm) ↔ 12in (30cm)

☀️ ☀️ ☀️ Z4–9

PERENNIAL MEDIUM

Trollius x cultorum

GLOEFLOWER An upright clump-forming perennial, ideal for wildlife gardens, with lobed, dark green toothed leaves and bowl-shaped buttercup-like flowers from late spring to early summer. 'Lemon Queen' (above) has pale yellow blooms.

↑ 24in (60cm) ↔ 18in (45cm)

☀️ ☀️ ☀️ Z3–7
