

SHRUB SMALL

Ballota pseudodictamnus

GRECIAN HOREHOUND This compact, low-growing evergreen subshrub is prized for its small, round gray-green leaves covered with white woolly hairs. Small pink flowers appear in early summer at the end of the leaf stems. Clip after flowering.

↑24in (60cm) ↔3ft (1m)

☀ Z7-9

PERENNIAL MEDIUM

Baptisia australis

FALSE INDIGO This is a clump-forming perennial with gray-green divided foliage and spikes of small violet-blue flowers, which appear in summer. Decorative dark gray seedpods appear in fall. Provide it support in spring.

↑30in (75cm) ↔24in (60cm)

☀ Z3-9 (N)

SHRUB LARGE

Cercis chinensis

CHINESE REDBUD A large branching shrub or small tree with pealike pink flowers that appear on bare stems in late spring, before the foliage emerges. The large, decorative green foliage is heart shaped. Mulch with compost in spring.

↑20ft (6m) ↔15ft (5m)

☀ Z6-9

PERENNIAL SMALL

Campanula carpatica

CARPATHIAN HAREBELL A low-growing, clump-forming perennial with round, open bell-shaped, violet-blue or white flowers, which appear over a mound of heart-shaped leaves in summer. 'White Clips' has pure white blooms.

↑4in (10cm) ↔12in (30cm)

☀ Z4-7

PERENNIAL MEDIUM

Centranthus ruber

RED VALERIAN This upright perennial produces fleshy gray-green leaves and branching heads of small, star-shaped, deep reddish pink or white flowers from late spring to late summer. It thrives in poor soil and may self-seed widely.

↑3ft (1m) ↔24in (60cm) or more

☀ Z5-8

SHRUB SMALL

Ceratostigma willmottianum

CHINESE PLUMBAGO A deciduous shrub with small green leaves that turn brilliant red in fall. Clusters of small sky-blue flowers appear from late summer to fall. It may die back in winter, resprouting in spring. Grow in well-drained soil.

↑3ft (1m) ↔5ft (1.5m)

☀ Z6-8

SHRUB MEDIUM

Choisya ternata

MEXICAN ORANGE A rounded evergreen shrub with aromatic, glossy bright green leaves divided into three leaflets. Clusters of fragrant white blooms open from late spring to fall. Best in West Coast gardens. 'Aztec Pearl' has slender green leaves.

↑↔8ft (2.5m)

☀ Z8-10 (N)

SHRUB SMALL

Cistus x dansereau

ROCK ROSE This small evergreen shrub has gray-green leaves and white, pink, or purple, bowl-shaped papery flowers in summer. 'Decumbens' (above) is low growing and compact, and produces white blooms with crimson blotches in the center.

↑24in (60cm) ↔3ft (1m)

☀ Z8-10

ANNUAL/BIENNIAL LARGE

Cleome hassleriana

SPIDER FLOWER A tall, erect annual with spiny stems of divided, palm-shaped leaves. In summer, it produces rounded clusters of small spidery flowers, which have long stamens and a light fragrance, in shades of white, pink, and purple.

↑4ft (1.2m) ↔18in (45cm)

☀

PERENNIAL SMALL

Coreopsis verticillata

THREADLEAF COREOPSIS A compact perennial with feathery, dark green foliage and daisy-like flowers, which appear in profusion over a long period in summer on wiry stems. Varieties include 'Moonbeam' (above) with lemon-yellow flowers.

↑20in (50cm) ↔18in (45cm)

☀ Z3-9 (N)
