

BULB LARGE

Eremurus stenophyllus

FOXTAIL LILY This is a tall, upright summer-flowering bulb that forms a clump of strap-shaped leaves. In summer, it bears torpedo-shaped heads of small yellow flowers on tall stems. May need staking in windy sites; apply fertilizer in spring.

☹ Z6–9

SHRUB LARGE

Fatsia japonica

JAPANESE FATSIA An rounded, dense evergreen shrub with large, deeply lobed, hand-shaped dark green leaves. Dense clusters of tiny white flowers in mid-fall are followed by black fruits. Forms include 'Variegata' with white-edged leaves.

↑↔ 12ft (4m)

☹ Z8–10

PERENNIAL LARGE

Echinops bannaticus

GLOBE THISTLE An upright perennial with narrow, deeply cut leaves and pale to midblue, spiky, spherical flower heads, borne in late summer. The seedheads look good through winter. 'Taplow Blue' (above) has steely blue flowers.

↑ 5ft (1.5m) ↔ 30in (75cm)

☹ Z4–9

PERENNIAL MEDIUM

Eryngium alpinum

ALPINE SEA HOLLY An upright perennial with heart-shaped, divided green leaves. In summer, it produces tall blue stems topped with cone-shaped purple flowers surrounded by spiny bracts. 'Superbum' (above) has dark blue blooms.

↑ 28in (70cm) ↔ 18in (45cm)

☹ Z5–8

PERENNIAL SMALL

Geranium rozanne

CRANESBILL This sprawling deciduous perennial produces rounded, deeply divided midgreen leaves with marbled, pale green markings. For many weeks from summer to fall, it bears masses of shallow, cup-shaped blue flowers.

☹ Z4–8

BULB MEDIUM

Eucomis bicolor

PINEAPPLE LILY A late summer-flowering bulb with wavy-edged leaves and spotted stems topped with clusters of greenish white flowers with purple-edged petals. With "hats" of leaflike bracts, the flowers resemble pineapples. Protect in winter.

↑ 20in (50cm)

☹ Z8–10

ANNUAL/BIENNIAL SMALL

Gypsophila elegans

ANNUAL BABY'S BREATH This fast-growing, erect, bushy annual has lance-shaped grayish green leaves. From summer to early fall, it bears clouds of tiny white flowers. 'Covent Garden' has pure white single flowers. Considered invasive in some areas.

↑ 24in (60cm) ↔ 12in (30cm) or more

☹

SHRUB MEDIUM

Edgeworthia chrysantha

PAPER BUSH A rounded, open deciduous shrub with oval dark green leaves. From late winter to early spring, it produces rounded heads of fragrant, tubular yellow flowers, which are covered in silky white hairs. It needs a warm sheltered site.

↑↔ 5ft (1.5m)

☹ Z8–10

SHRUB SMALL

Euphorbia characias subsp. *wulfenii*

MEDITERRANEAN SPURGE An evergreen subshrub with fingerlike, gray-green leaf clusters forming a frill around the stems, and heads of yellow-green spring flowers. Wear gloves to remove spent flower stems.

↑↔ 4ft (1.2m)

☹ ⓘ Z7–10

SHRUB SMALL

Hebe 'Great Orme'

HEBE A rounded, open evergreen shrub with deep purple shoots and glossy dark green foliage. It bears slender spikes of pink, fading to white flowers, from midsummer to mid-fall. Trim in early spring to keep it compact. Best in West Coast gardens.
