

PERENNIAL MEDIUM

Linum narbonense

SPANISH BLUE FLAX A clump-forming, short-lived perennial with lance-shaped grayish green leaves and clusters of saucer-shaped, pale to deep blue summer flowers. Trim after flowering to encourage further blooms. 'Heavenly Blue' is a popular choice. ↑24in (60cm) ↔12in (30cm)

☀ Z5-9

PERENNIAL MEDIUM

Lupinus 'The Page'

LUPINE This short-lived perennial forms bushy clumps of dark green leaves divided into "fingers." In early summer, it produces tall stems of pink-red pealike blooms that may need to be supported in exposed sites. ↑3ft (1m) ↔30in (75cm)

☀ ⚠ Z4-7

PERENNIAL MEDIUM

Lychnis coronaria

ROSE CAMPION An upright, clump-forming perennial, grown as a biennial, with oval, gray, slightly downy leaves. From mid- to late summer, small, bright pink flowers appear over a long period on branched gray stems. Deadhead to prevent self-seeding. ↑24in (60cm) ↔18in (45cm)

☀ Z4-8

PERENNIAL MEDIUM

Penstemon 'Sour Grapes'

BEARDTONGUE An upright semievergreen perennial with slender, lance-shaped green leaves. The tubular, bell-shaped purple-blue flowers are suffused with violet and white inside, and appear over many weeks from midsummer to fall. ↑24in (60cm) ↔18in (45cm)

☀ Z7-10

PERENNIAL LARGE

Melianthus major

HONEYBUSH Grown for its foliage, this perennial has blue-gray leaves divided into toothed-edged leaflets. Small, tubular brownish red flowers appear in late spring. Shelter from cold winds and provide a dry mulch in winter. ↑↑10m (3ft)

☀ Z8-11

PERENNIAL SMALL

Oenothera speciosa

PINK EVENING PRIMROSE A short-lived, clump-forming perennial with fragrant, saucer-shaped, pure white summer flowers that age to pink, and spoon-shaped deeply cut leaves. The blooms open in the evening. Varieties include 'Rosea' (above). ↑↑ up to 12in (30cm)

☀ Z4-8 Ⓝ

SHRUB MEDIUM

Osmanthus delavayi

DELAVAY TEAO LIVE A rounded, bushy evergreen shrub with arching branches and glossy dark green leaves. From mid- to late spring, it forms a profusion of fragrant, tubular white flowers followed by blue-black fruits. Best in West Coast gardens. ↑6ft (2m) ↔12ft (4m) or more

☀ Z7-9

SHRUB SMALL

Perovskia 'Blue Spire'

RUSSIAN SAGE This upright deciduous subshrub has aromatic silvery gray foliage. From late summer to fall, it bears upright branching spikes of tiny violet-blue flowers that last for several weeks. Taller plants may need support. ↑4ft (1.2m) ↔3ft (1m)

☀ Z5-9

SHRUB MEDIUM

Philadelphus 'Belle Etoile'

MOCK ORANGE This arching deciduous shrub has small midgreen leaves and sweetly fragrant white flowers from late spring to early summer. Plant at the back of a border, or along a boundary wall or fence. The scent is strongest on sunny days. ↑6ft (1.8m) ↔8ft (2.5m)

☀ Z5-8

PERENNIAL MEDIUM

Phlomis russeliana

STICKY JERUSALEM SAGE An evergreen perennial with large, rough-textured, heart-shaped leaves. In summer, it bears unusual hooded butter-yellow flowers set at intervals up the tall stout stems. The seedheads provide interest over winter. ↑3ft (1m) ↔24in (60cm) or more

☀ Z4-9

SHRUB SMALL

Phygelius x rectus

CAPE FUCHSIA An upright semievergreen subshrub, which may die back in winter when young. It has lance-shaped green leaves and clusters of long tubular flowers in summer. 'African Queen' (above) has orange-red blooms. ↑3ft (1m) ↔4ft (1.2m)

☀ Z8-9
