

Plants for walls, fences, and vertical surfaces

CLIMBER LARGE

Clematis montana* var. *grandiflora

WHITE ANEMONE CLEMATIS A deciduous clematis with divided midgreen foliage and white flowers with yellow centers from late spring to early summer. Ideal for a tree, large wall, or pergola; shade the roots.

†30ft (10m)

☀ Z6–9

CLIMBER LARGE

Clematis rehderiana

NODDING VIRGIN'S BOWER This vigorous deciduous clematis has coarse green leaves. From midsummer to fall, it bears masses of fragrant, tubular, nodding yellow flowers. Grow through a tree, or on a large wall or pergola. Shade the roots.

†22ft (7m)

☀ Z6–9

CLIMBER LARGE

Clematis 'Huldine'

CLEMATIS A vigorous, late-flowering deciduous clematis with midgreen divided foliage. From mid- to late summer, it forms a profusion of small white flowers, mauve beneath. Ideal for a pergola, arch, wall, or fence; keep the roots shaded.

†12ft (4m)

☀ Z4–9

CLIMBER LARGE

***Clematis montana* var. *rubens* 'Tetrase'**

CLEMATIS A vigorous, early-flowering deciduous clematis with purple-green leaves and cream-centered pink flowers in late spring. Ideal for a tree, house wall, or large pergola; shade the roots.

†30ft (10m)

☀ Z6–9

CLIMBER LARGE

Clematis tangutica

GOLDEN CLEMATIS This vigorous, late-flowering clematis has midgreen leaves and lantern-shaped yellow flowers from summer to early fall. Fluffy silvery seedheads provide winter interest. Grow on a large wall or fence; shade the roots.

†20ft (6m)

☀ Z4–9

CLIMBER MEDIUM

Clematis JOSEPHINE

CLEMATIS This deciduous climber has green, broadly lance-shaped leaves. From summer to early fall, a succession of large double flowers appears; the pinkish purple petals are cream beneath and produce a layered effect.

†8ft (2.5m)

☀ Z4–9

CLIMBER MEDIUM

Clematis 'Perle d'Azur'

CLEMATIS This late-flowering deciduous clematis has midgreen leaves. From midsummer to fall, it produces large azure-blue flowers with creamy green centers and pink-purple stripes on each petal. Plant the roots in shade.

†10ft (3m)

☀ Z4–9

CLIMBER LARGE

Clematis 'Purpurea Plena Elegans'

CLEMATIS This late-flowering deciduous clematis has pale green leaves and frilly, purple-pink double flowers with pale pink centers from midsummer to late fall. Grow on a wall or fence; shade the roots.

†12ft (4m)

☀ Z4–9

CLIMBER LARGE

Cobaea scandens

CUP-AND-SAUCE VINE This Mexican native, grown as an annual, is an evergreen perennial climber. It bears dark green foliage and, from midsummer to fall, scented cup-shaped, creamy green, aging to purple, blooms. Quickly covers a wall, arch, or tripod.

†15ft (5m)

☀ Z9–11 (N)
