

CLIMBER LARGE

### *Distictis buccinatoria*

**MEXICAN BLOOD FLOWER** This tender twining evergreen climber produces dark green leaves and trumpet-shaped crimson-red flowers in summer. It requires warm growing conditions and is best kept in a sunroom.

‡ 15ft (5m) or more

☀ Z9–11 (N)

SHRUB LARGE

### *Garrya elliptica*

**SILK-TASSEL BUSH** This evergreen shrub has leathery, wavy gray-green leaves and, from midwinter to early spring, silvery gray catkins that tremble in the wind. Train it on wires against a wall. Prune when the catkins fade. Best in West Coast gardens.

‡↔ 12ft (4m)

☀ Z8–11 (N)

CLIMBER LARGE

### *Gelsemium sempervirens*

**CAROLINA YELLOW JASMINE** This evergreen twining climber has slim, lance-shaped dark green leaves. In summer, it produces clusters of trumpet-shaped bright yellow flowers. Grow against a sunny, sheltered wall or fence. All parts are toxic.

‡ 20ft (6m)

☀ ⚠ Z7–9 (N)

CLIMBER LARGE

### *Humulus lupulus* 'Aureus'

**GOLDEN HOP** A perennial twining climber, grown for its rough, toothed, lobed yellow-green foliage. In summer, it bears straw-colored pendent flower heads that resemble cones. Grow it over an arbor or on a large fence or wall.

‡ 20ft (6m)

☀ Z4–8 (N)

CLIMBER MEDIUM

### *Eccremocarpus scaber*

**CHILEAN GLORY FLOWER** This evergreen perennial tendril climber, often grown as an annual, produces small green leaves and tubular orange-red flowers from summer to fall. Grow it in a sheltered spot on an arch, tripod, or fence.

‡ 10ft (3m)

☀ Z9–11

CLIMBER MEDIUM

### *Ipomoea coccinea*

**RED MORNING GLORY** A tender annual twining climber with heart-shaped midgreen leaves and small, fragrant, tubular scarlet flowers with yellow throats from late summer to fall.

‡ 10ft (3m)

☀ ⚠ (N)

CLIMBER MEDIUM

### *Ipomoea tricolor* 'Heavenly Blue'

**MORNING GLORY** A fast-growing annual twining climber with heart-shaped leaves and, from summer to early fall, large, funnel-shaped, sky-blue morning flowers. Quickly covers a fence, wall, or rose arch.

‡ 10ft (3m)

☀ ⚠ Z0

CLIMBER MEDIUM

### *Jasminum humile* 'Revolutum'

**ITALIAN JASMINE** A shrubby evergreen climber with glossy bright green leaves divided into leaflets and clusters of small, fragrant, tubular yellow flowers from early spring to early summer.

‡ 8ft (2.5m)

☀ Z7–9

CLIMBER LARGE

### *Jasminum officinale*

**COMMON JASMINE** A woody-stemmed semievergreen or deciduous twining climber with green leaves divided into leaflets. From midsummer to fall, clusters of highly fragrant white flowers appear. Cut back in late winter.

‡ 40ft (12m)

☀ Z8–10
