

PERENNIAL SMALL

Campanula poscharskyana

SERBIAN BELLFLOWER This spreading perennial forms low mounds of round, serrated-edged midgreen leaves. Starry violet flowers appear on leafy stems from summer to early fall. Use it to cascade from walls or spread between paving.

↑6in (15cm) ↔ indefinite

☀ Z3–8

PERENNIAL SMALL

Chamaemelum nobile

CHAMOMILE A mat-forming evergreen perennial with aromatic ferny foliage and white pompom flowers held on erect stems in summer. Use it to fill cracks in paving. 'Flore Pleno' (above) is a double-flowered variety.

↑12in (30cm) ↔ 18in (45cm)

☀ Z5–9

SHRUB SMALL

Daboecia cantabrica

IRISH HEATH A spreading evergreen shrub with small, oval dark green leaves, silver-gray beneath. From early summer to fall, it bears urn-shaped, single or double white, purple, or mauve flowers. 'Bicolor' (above) has blooms in mixed colors.

↑18in (45cm) ↔ 24in (60cm)

☀ 🌿 Z6–8

PERENNIAL SMALL

Delosperma nubigenum

ICE PLANT A small, ground-hugging evergreen perennial that produces mats of succulent, triangular green leaves and daisy-like lemon-yellow flowers in summer. Plant it on top of a wall or gravel beside paving.

↑2in (5cm) ↔ 20in (50cm)

☀ Z6–8

PERENNIAL SMALL

Dianthus alpinus

ALPINE PINK A small, mat-forming evergreen perennial with dark gray-green foliage and white, pink, or crimson flowers held on short stems in summer. 'Joan's Blood' (above) has deep crimson, dark-centered flowers.

↑3in (8cm) ↔ 4in (10cm)

☀ Z3–8

PERENNIAL SMALL

Erigeron karvinskianus

MEXICAN FLEABANE This spreading perennial produces lance-shaped, hairy green leaves and, from summer to early fall, daisy-like flowers that open white, turn pink, and fade to purple. It makes a perfect addition to a wall or paving.

↑6in (15cm) ↔ indefinite

☀ Z8–10 (N)

PERENNIAL SMALL

Dryas octopetala

MOUNTAIN AVENS A mat-forming evergreen perennial with oval, leathery, dark green lobed leaves. Small, creamy white cup-shaped flowers appear from late spring to early summer, followed by feathery seedheads. Use in paving cracks.

↑2 1/2 in (6cm) ↔ indefinite

☀ Z2–6 (N)

SHRUB SMALL

Erica carnea

WINTER HEATH A small, spreading evergreen shrub, with needlelike dark green leaves. It produces tiny, tubular pink, red, or white flowers, which appear from early winter to late spring. Grow it in paving cracks.

↑12in (30cm) ↔ 18in (45cm) or more

☀ 🌿 Z5–7

PERENNIAL SMALL

Erodium manescavii

HERON'S BILL This small clump-forming perennial forms divided, ferny green leaves. Throughout summer, it produces loose clusters of magenta-purple flowers, and will self-seed freely in the cracks in walls and paving.

↑18in (45cm) ↔ 24in (60cm)

☀ Z6–8
