

ANNUAL/BIENNIAL SMALL

Lobularia maritima

SWEET ALYSSUM This easy-to-grow annual has lance-shaped green foliage and masses of round, fragrant, white or pink flower heads all summer. Sow seeds in wall and paving cracks. 'Easter Bonnet' (above) is popular. Considered invasive in some areas.

↑ 4in (10cm) ↔ 12in (30cm)

BULB MEDIUM

Muscari armeniacum

GRAPE HYACINTH This spring-flowering bulb produces grasslike green leaves and short spikes of small, fragrant, bell-shaped deep blue flowers held in cone-shaped clusters. Plant it in cracks in walls and paving, or in tight spaces.

↑ 8in (20cm)

PERENNIAL SMALL

Oenothera speciosa

PINK EVENING PRIMROSE This short-lived, clump-forming perennial bears fragrant, saucer-shaped, pure white summer flowers that age to pink above the spoon-shaped, deeply cut leaves. The blooms open in the evening. Varieties include 'Rosea' (above).

↑↔ 12in (30cm)

PERENNIAL SMALL

Origanum vulgare 'Aureum'

GOLDEN OREGANO This clump-forming perennial forms a dense mat of aromatic, golden-yellow rounded leaves that turn pale yellow-green in midsummer. It also produces tiny mauve flowers in summer. Grow it in cracks in walls or paving.

↑ 3in (8cm) ↔ indefinite

PERENNIAL SMALL

Sedum 'Ruby Glow'

STONECROP This short, clump-forming deciduous perennial bears oval, fleshy purplish green leaves. In late summer, it produces loose heads of star-shaped, pink and ruby-red flowers on dark red stems. Plant it in cracks in paving.

↑ 8in (20cm) ↔ 16in (40cm)

PERENNIAL SMALL

Veronica prostrata

PROSTRATE SPEEDWELL A dense, mat-forming evergreen perennial with narrow, toothed green leaves and upright spikes of small, saucer-shaped, bright blue or lilac flowers in early summer. Use it in crevices in walls or paving.

↑ 12in (30cm) ↔ indefinite

PERENNIAL SMALL

Sempervivum tectorum

HENS AND CHICKS A mat-forming evergreen perennial, with rosettes of fleshy, blue-green leaves suffused with red-purple. Clusters of starry, reddish purple blooms form in summer. Plant in gaps in paving, but not where it will be stepped on.

↑ 6in (15cm) ↔ 8in (20cm)

PERENNIAL SMALL

Silene schafta

AUTUMN CATCHFLY This low-growing perennial has a spreading habit, forming mats of slender dark green leaves. From late summer to fall, it produces dainty, star-shaped magenta flowers. It will self-seed in cracks, but is easy to control.

↑ 10in (25cm) ↔ 12in (30cm)

SHRUB SMALL

Thymus serpyllum

MOTHER OF THYME This mat-forming evergreen subshrub forms trailing stems of hairy, aromatic, dark green leaves. It is covered with masses of tiny purple or pink flowers in summer. Plant in crevices in walls and paving. Ideal for culinary use.

↑ 10in (25cm) ↔ 18in (45cm)
