

PERENNIAL LARGE

Ensete ventricosum

ABYSSINIAN BANANA This palmlike evergreen perennial has large paddle-shaped leaves with cream midribs and red undersides. Plant in a large container of soil-based potting mix and grit. In cooler areas, move indoors for winter; protect from frost.

↑↔ 10ft (3m) in a pot

☀ Z10–11

SHRUB SMALL

Felicia amelloides

BLUE DAISY Grown as an annual, this subshrub has small dark green foliage and a mass of yellow-eyed blue flowers from summer to fall. It forms a bushy clump. Grow in windowboxes, baskets, and containers in potting soil. Deadhead often.

↑↔ 10in (25cm)

☀ 10–11

BULB MEDIUM

Dahlia 'Gallery Art Deco'

DECORATIVE DAHLIA A dwarf perennial with lobed dark green leaves and from midsummer to fall pale orange, burgundy-edged double flowers. Grow in containers of potting soil. Dies back in fall. Protect tubers from frost; lift them in cooler areas.

↑ 18in (45cm)

☀ Z9–11

SHRUB SMALL

Fuchsia 'Mrs Popple'

FUCHSIA This upright deciduous shrub bears small dark green leaves and red and purple flowers in summer. It makes a statement in a large container of soil-based potting mix. Best grown only in warmer areas.

↑↔ 3½ft (1.1m)

☀ Z9–11

BULB MEDIUM

Eucomis bicolor

PINEAPPLE LILY A late-summer flowering bulb with wavy-edged leaves and spotted stems, topped with clusters of greenish white flowers and purple-edged petals. With "hats" of leaflike bracts, the flowers resemble pineapples. Protect from frost.

↑ 20in (50cm)

☀ Z8–10

SHRUB SMALL

Fuchsia 'Thalia'

FUCHSIA A small, upright deciduous shrub with dark green leaves that are maroon beneath. Clusters of pendent, tubular red flowers appear from summer to early fall. Plant it in a large container of soil-based potting mix.

↑↔ 24in (60cm)

☀ Z9–11

ANNUAL/BIENNIAL MEDIUM

Dianthus barbatus

SWEET WILLIAM An upright biennial with lance-shaped green leaves and domed heads of sweetly-scented pink, red, or burgundy flowers, which appear in early summer. Grow it in groups in containers of potting soil.

↑ 28in (70cm) ↔ 12in (30cm)

☀ Z3–9

SHRUB LARGE

Fatsia japonica

JAPANESE FATSIA An evergreen shrub, with large, hand-shaped, glossy dark green leaves and small, spherical white flower heads in fall, followed by black fruits. Ideal for winter interest. Plant in large containers of soil-based potting mix.

↑↔ 12ft (4m)
