

PERENNIAL MEDIUM

Salvia farinacea

MEALYCUP SAGE An upright perennial, often grown as an annual, with lance-shaped green foliage and spikes of small purple-blue flowers from midsummer to fall. Grow it in mixed displays in containers of potting soil; deadhead regularly.

↑24in (60cm) ↔12in (30cm)

☀ Z8–11 (N)

PERENNIAL SMALL

Salvia splendens

SCARLET SAGE This upright perennial, grown as an annual, has spear-shaped dark green leaves. Spikes of tubular bright scarlet, pink, or white flowers appear through summer. Plant in windowboxes, containers, and baskets in potting soil.

↑10in (25cm) ↔14in (35cm)

☀ Z11

ANNUAL/BIENNIAL SMALL

Salvia viridis

ANNUAL CLARY An upright annual with gray-green leaves, it bears small tubular flowers in summer, concealed beneath leaflike bracts, in shades of white, pink, and purple. The stems can be cut and dried; the dry bracts retain their color well.

↑18in (45cm) ↔8in (20cm)

☀

ANNUAL/BIENNIAL SMALL

Sanvitalia procumbens

CREeping ZINNIA This spreading native Mexican annual has slim, oval green leaves. A profusion of small, daisy-like yellow flowers with black centers appear in summer. Grow in windowboxes, baskets, and containers of potting soil.

↑6in (15cm) ↔12in (30cm)

☀ (N)

PERENNIAL SMALL

Scaevola aemula

FAIRY FAN-FLOWER An evergreen perennial, grown as an annual, with toothed green leaves on trailing stems and fan-shaped blue, lilac, or white flowers in summer. Ideal for windowboxes and baskets; plant it in potting soil.

↑↔20in (50cm)

☀ Z11–12

ANNUAL/BIENNIAL SMALL

Tagetes patula

FRENCH MARIGOLD This native Mexican annual has deeply divided, aromatic green leaves and yellow, orange, red, or mahogany single or double flowers from summer to early fall. Plant in containers of all-purpose potting soil. Deadhead regularly.

↑↔12in (30cm)

☀ (N)

PERENNIAL SMALL

Solenostemon 'Black Prince'

COLEUS This bushy perennial is grown as an annual. It produces spear-shaped, dark purple foliage with a bright pink midrib. Plant it with brightly colored flowering annuals in containers, baskets, and windowboxes of potting mix.

↑↔20in (50cm)

☀ Z11–12

PERENNIAL SMALL

Solenostemon scutellarioides

COLEUS A bushy perennial, grown as an annual, with spear-shaped foliage in a variety of colors including pink, red, green, and yellow. Plant it in containers, baskets, and windowboxes in potting soil.

↑18in (45cm) ↔12in (30cm) or more

☀ Z11–12

PERENNIAL SMALL
