

SHRUB SMALL

Thymus vulgaris

THYME This ground-cover subshrub has tiny, round, aromatic green leaves and, in summer, produces a mass of pink flowers. Combine it with other herbs in shallow containers of potting soil with added grit. Attractive to bees.

‡12in (30cm) ↔16in (40cm)

☿ Z4–9

BULB MEDIUM

Tulipa 'Ballerina'

TULIP This late-spring, lily-flowered tulip produces gray-green leaves and single, goblet-shaped orange flowers with an orange-red central section on the petals. Plant the bulbs in groups in frostproof pots during fall.

‡24in (60cm)

☿ ⚠ Z3–8

BULB MEDIUM

Tulipa 'Cape Cod'

TULIP This is a mid- to late spring-flowering bulb with gray-green leaves that have maroon mottling and single, bowl-shaped yellow flowers with a red strip on the petals. Plant the bulbs in groups in frostproof pots during fall.

‡18in (45cm)

☿ ⚠ Z3–8

PERENNIAL SMALL

Viola x wittrockiana

PANSY A perennial, grown as an annual, with lobed green leaves and large ruffled flowers in shades of red, purple, yellow, and white from early spring to summer. Plant it in groups in containers, baskets, and windowboxes in potting soil.

‡9in (23cm) ↔12in (30cm)

☿ Z4–8

BULB MEDIUM

Tulipa 'Purissima'

TULIP This is an early- to mid-spring-flowering bulb with purple-marked gray-green leaves and single, bowl-shaped creamy white flowers. Plant the bulbs in groups in frostproof containers during fall.

‡16in (40cm)

☿ ⚠ Z3–8

ANNUAL/BIENNIAL SMALL

Tropaeolum majus

NASTURTIUM A bushy annual with round green leaves and trumpet-shaped red, yellow, or orange flowers from summer to fall. Grow in tall containers, baskets or windowboxes in potting soil. Alaska Series (above) has cream-splashed foliage.

‡12in (30cm) ↔18in (45cm)

☿

PERENNIAL SMALL

Verbena 'Peaches and Cream'

VERBENA This perennial, grown as an annual, has small, narrow, toothed leaves. It bears clusters of pink, pale peach, and cream blooms throughout summer and fall, if deadheaded regularly. Grow it in containers and baskets.

‡↔20in (50cm)

☿ Z9–10
