

7 Mix burnt sienna and Windsor violet to add detail around the eye, mouth, and ear, and to the moustache and beard. Drybrush a mix of cerulean blue and raw sienna onto the eyebrows, to create the texture of hair.

8 Mix burnt sienna and cadmium red together to paint the side of the face. Add French ultramarine and paint the dark areas of the moustache and beard. Use burnt sienna and Windsor violet for the shadow inside the shirt.

9 Model the cheeks and eye sockets with a mix of cadmium red, alizarin crimson, and cerulean blue. Drybrush a mix of burnt sienna and cadmium red onto the right side of the face to create the texture of older skin.
