

KEY

- 1 The Freemason has a blazing star or sun for his head.
- 2 His arms are right angles, and his right hand holds a pair of compasses.
- 3 A plumb line hangs from his other arm.
- 4 A square—a tool for creating right angles—dangles from the border.
- 5 A white leather apron, originally to hold the Freemason's toolkit, is tied around his waist.
- 6 Classical columns form the Freemason's legs.

► Tools of the trade

This English image from 1754 shows a stylized Freemason forged through the tools of his trade. The man is enclosed in an exuberant Baroque border that contrasts with the severely linear and monochrome flooring.
